

AVOID UNCERTAINTY! PLAN AHEAD WITH URGENT CARE

LET COMPASS FIND CONVENIENT CLINICS NEAR YOU

The best way to be prepared is to establish a relationship with a Primary Care Physician, but I know that unexpected accidents and illnesses happen. You're likely to spend **3X more** when you visit an Emergency Room. Instead, I can steer you to high quality, cost effective Urgent Care centers when you're experiencing less-complex, non-life threatening healthcare issues.

These convenient walk-in clinics often offer extended office hours at night, on the weekend, and with no appointment needed. Reach out to your Health Pro with your home zip code, or anywhere you're headed for summer vacation!
