

# WHY ARE YOU PUTTING OFF THAT ANNUAL PHYSICAL?

## LET COMPASS HELP ACHIEVE YOUR WELLNESS GOALS

We're almost halfway through 2015! I can help coordinate your preventive exams. Establishing and maintaining a relationship with a Primary Care Physician is a simple, effective way to monitor your health and catch simple problems before they become complex and costly down the road.

**No hassle for you!** I can recommend doctors, schedule appointments, and confirm your benefits for preventive services like: biometric screenings, physicals, colonoscopies, and mammograms.
